Who will attend IESO France 2017?

All the teams have to arrive in France on August 21st. We will pick up at the Airport ‘Nice Côte d’Azur Airport’, or at the railways station ‘Antibes City Station’.

Students, Mentors and Observers will stay, during IESO, on the International Campus of Valbonne Sophia Antipolis (Centre International de Valbonne in French)

Bienvenue sur la Côte d’Azur ... Welcome on the French Riviera for IESO 2017
C like Crew

For months, a special team is working hard for the 11th IESO.

Everybody calls this team ... ‘the Crew’!
... looking after opening and closure ceremonies, written and practical tests, ITFI field sites, cultural trips, registration and accommodation, transfers ... so many things to do to welcome you under the best possible conditions.
Some members of the Crew ... Jean-Luc, Fatima, Benoit, Chantal, Julien, Manon, Fabrice, Noric ... and so many others

Preparations for IESO 2017 begins!

The weather in August on the French Riviera is usually sunny, very hot ... stormy in mountains.
- Don’t forget your mosquito repellant and sun cream.
Cultural trips will make you discover mediterranean mountains.
- Bring with you sport shoes to walk easily on the trails (easy walk).
The accommodation on the campus looks like a youth hostel.
- Bring with you soap, shampoo and towel.
There is a swimming pool on the campus
- You will have access to the swimming pool.

For the first days of the week, students’ phones will be set aside
- As usual, students cannot use their mobile phones during the tests period.
During the last nights, each team will be invited to present briefly (5 minutes max.) a little something from his country.
- Slides, videos, music, songs ... surprise and delight us!
